The Fund has adopted the performance of the Snow Capital Long/Short Opportunity Fund, a series of the Trust for Professional Managers (the "Predecessor Portfolio") as the result of a reorganization of the Predecessor Portfolio into the Fund, which was consummated after the close of business on November 5, 2021 (the "Reorganization"). Prior to the Reorganization, the Fund had not yet commenced operations. The returns shown for periods ending on or prior to November 5, 2021 are those of the Institutional Class shares of the Predecessor Portfolio. Institutional Class shares of the Predecessor Portfolio were reorganized into Class I of the Fund, respectively, after the close of business on November 5, 2021. Class I shares' returns of the Fund will be different from the returns of the Predecessor Portfolio's Institutional Class shares as they have different expenses.

Performance information reflects the impact of fee waivers, expense caps and/or reimbursements in effect during the period shown. If terminated, future expenses may be higher which would impact the Fund's performance.
